Testimonials

"Denis Roe is the best farm advisor we have used. His advice is practical, simple to implement and he has had a significant and positive impact on our avocado business in Argentina" - Mr Horacio Frias, Owner of Guayal Paltas, Argentina.

"We have used Denis Roe as a farm consultant for a few years for our avocado technical inputs and his advice has helped us improve our avocado production, tree health and tree size control markedly" - Carl Henning, Mununzvu NewCo, South Africa.

We use Denis Roe on a regular basis to go through our avocado farms and nursery, to get recommendations for improvements. He always has the latest technical information and protocols and helps to improve our farms. Jaguacy, Brazil.

Denis' orchard and nursery technical knowledge is of a high standard and we have therefore appointed him as our Asia Pacific Representative. Rob Brokaw, MD Brokaw Nursery LLC, California.

Current Projects

1. **Australia:** Numerous avocado nursery and production clients and projects, including Avocados Australia's Qualicado program.
